19 June 2008

In Regards To: Incident Report of 13 June- Patrick Desmond

Follow-up investigative report per 290-4-2.09 (13)

An investigation was done regarding Patrick Desmond, a client of Narconon of Georgia. On June 11, at 2 am, Patrick was found unresponsive in the car of two friends. They had called 911 after they discovered that he was unresponsive. The police arrived and found Jamie Thompson giving CPR. He was taken to Northside hospital, where he later died.

Earlier in the evening Patrick had been watching the basketball game with other Narconon students (away from the facility) and after the game, announced to the others that he was going to go out with some other friends and he was leaving to meet them. According to one student, he had been drinking.

Patrick was encouraged not to leave on his own but he did. He walked down the street to meet his friends. He was with these friends when they called 911 because Patrick was unresponsive.

Although we are out patient and our hours are from 10am to 6 pm, Narconon of Georgia is going to offer meetings for its clients in the evening, if they wish to attend.

We are also ensuring that the students know that they can have access to our 24 hour hotline and this has been given to all the students.

The student rules clearly state that Narconon students are not to drink or take drugs when they are at the facility or away from the facility. The supervisors have implemented a weekly scheduled review of the Narconon student rules with group discussions as to why these rules are important, not only in successfully completing the Narconon program, but in leading a clean and productive life.

We are continuing to provide support for our current clients as we work with our Clinical Director and staff to determine any needed additional supportive actions we can provide for our clients as they progress through the Narconon program.

Any recommendations will be approved by our Clinical Director and adopted as policy by Narconon of Georgia.

RECITALS

A. Lafayette Ronald Hubbard (hereinafter referred to as "LRH") was the discoverer and the developer of a certain philosophy and techniques for bettering the condition of mankind and establishing a civilization without war, crime or insanity, and described that philosophy and those techniques (hereinafter referred to as "Hubbard Philosophy and Technology") in numerous written and recorded spoken works (hereinafter referred to as "the Hubbard Writings").

B. Association For Better Living And Education (hereinafter referred to as ABLE) was formed for the purpose of supervising and coordinating the promotion and dissemination of the Hubbard Philosophy and Technology in secular fields by organizations formed to use the Hubbard Philosophy and Technology in those fields, and specifically for the purposes of (1) improving and revitalizing society, especially in the fields of education, drug rehabilitation, and the rehabilitation of criminals, by the use and application of methods and information applicable to such purposes, (2) making training available to organizations with like purposes, (3) coordinating the activities of such organizations toward effective actions in such fields and (4) ensuring that information and materials which are useful to the improvement of society in such fields are broadly disseminated.

C. ABLE is the owner of certain trademarks and service marks, including the mark "Narconon" and certain design marks (hereinafter "the Marks") for which one or more registrations have been obtained in some countries of the planet, and for which applications for registrations have been, or will be, made in other countries of the planet. A list of the Marks and registrations is attached as Exhibit 1.

D. NARCONON INT is an organization which uses the Hubbard philosophy and technology in secular fields, with emphasis on the field of drug rehabilitation and education, and has the responsibility of supervising and coordinating the use, promotion and dissemination of the Hubbard Philosophy and Technology by its organizations in this field. NARCONON INT has been licensed by ABLE to use the Marks and to sublicense the use of the marks to other organizations in the field of drug rehabilitation and education.
